IM Division Doctoral Student Consortium 2018

The International Management Division will offer a **Doctoral Student Consortium** at the forthcoming Annual Meeting of the Academy of Management in Chicago, Illinois on **Saturday, August 11, 2018** from **8.00 am to 4.00 pm**.

The Doctoral Student Consortium is for doctoral students interested in international management research, either as their primary or secondary field of study. We welcome participants at all stages of their dissertation including those who have already made substantial advances in their dissertation, as well as those who are in relatively early stages of writing their dissertation.

The Consortium will provide opportunities for both structured discussion and informal interaction between doctoral students and faculty panelists on research, publishing and career development. A significant amount of time will be devoted to dissertation development, where participants will have the opportunity to discuss their dissertation research with faculty members. This is also an excellent networking opportunity for doctoral students to meet prominent scholars in the field of International Management as well as the opportunity to connect to peers in the field.

A **"Meet the Editors" session** from **4.30 pm to 6.00 pm** will immediately follow the IM Doctoral Student Consortium. This session will provide an opportunity to meet the editors of leading journals publishing international management research. This will be held jointly with the IM Division Junior Faculty Consortium.
